

Winter Workshop and Social

Saturday 28th June 2025 at 2pm

Come along and get a tour of Mike Foster's workshop at Foss Marine and see *Canobie* undergoing the restoration of her hull to keep her going another 100 years. *Canobie* is a 10m Tasmanian One Design that Owen Stacy has raced on the Swan River from RPYC.

Foss Marine is at Brockman Place, South Fremantle.

After our visitation to see *Canobie*'s restoration, we will meet at "Running With Thieves" Brewery Cafe Restaurant at 218 Marine Ice, South Fremantle, just a short drive from Mike's workshop. You can have a coffee and dessert, , a beer or wine, and linger for an early dinner. There is plenty available. There is parking just across the road from the Brewery.
