Casual Sail Day Thursday 5th November 2026

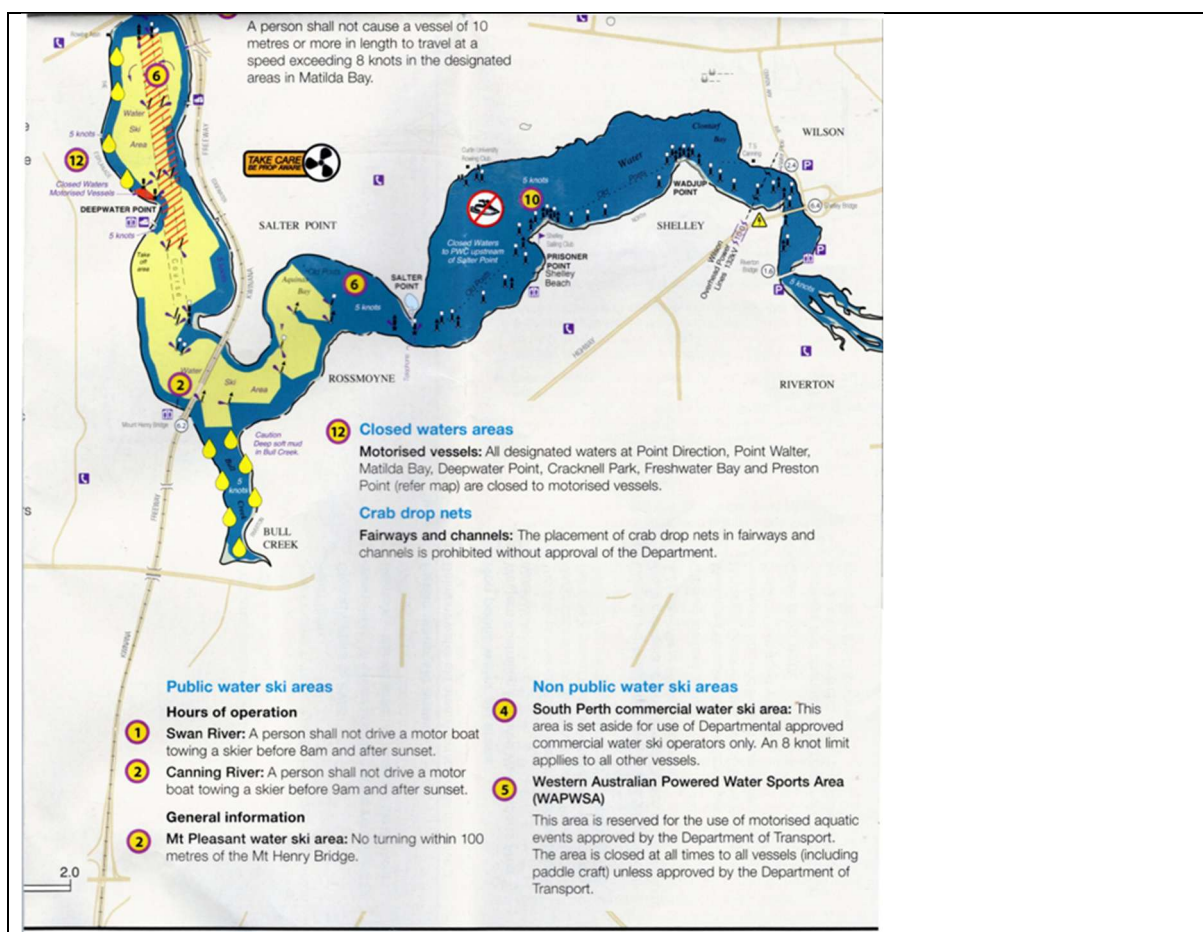

Canning River: Gentilli Boat Ramp to Shelley Sailing Club

Time to shake off those mid-week blues and sail a beautiful part of Perth's Swan Canning Riverpark.

The plan is to leave from the Gentilli St boat ramp about 10.30 am for a sail to Prisoner Point and the beach near Shelley Sailing Club for lunch.

The ramp has a parking area for 12 car/trailer combinations and despite what looks like sand in the attached photos, it has concrete underneath.
Good depth to launch. No jetty, but a reasonable amount of sand to pull up on.

The Mount Henry Bridge has 6.2m above HAT of air clearance so it should not be a problem to sail under it for the majority of boats.

Contact on the day will be Chris Robinson: 0409 553 870 chris@hematite.au

Please let Chris know if you are thinking of joining us so that we can look out for you.

Gentilli St Ramp.

A new one for us:

Please note: a one-lane bridge over the freeway to access – take care!
